Python Discord Bot

DAY 09

Clockworks Ultimate Challenge:

Creating Your Own Discord Bot

Contents

Exercise 01: Build a Discord Bot

SOS	Difficulty:	
💡	Objectives:	Develop your own Discord bot with various functions in a group. (Groups will be randomly assigned) Upon completion of the Discord Bot development, you are required to complete a demonstration slide and upload it to Google Drive; all groups will be presenting their Discord Bot based on the slide in the Final Townhall.
🛠️	Skills required:	➢ C4T D1-D8 Exercises ➢ Discord.py ➢ Creativity
🌐	Resources:	G **Google**
🔍	Search keywords:	Discord bot ideas
🔌	Command required:	**N/A**

⌨ Code snippet:

```
#Design & Develop your own Discord Bot.

#You may add as many functions as you like to your bot.

#Unleash your creativity ✦

#Please complete the demonstration slide (in your Google Drive
folder) and reupload it into the same folder.
```
